(ii) The University Total above reflects general campus activity as of Census Date. Note that the Guest numbers explicitly stated above are Non-Resident Instruction (RI) only. There are Guest students who also enroll in one or more RI classes. These students would be included in the RI Subtotal count.

(iii) The University Total above is the unique count of all students. Non-RI students could potentially be part of multiple categories, but in this report they are counted just once following the order above. For example, OnlinePlus students who are also employees, will be counted as Employees first.
